

# Electrical Enclosures and Accessories

ISC Sales carries a full line of custom electrical and electronic enclosures for a wide range of industrial and commercial applications. Our enclosures are manufactured from the finest stainless steel, aluminum and domestic carbon steels available. All **stainless steel** product is finished with a brushed finish and all carbon steel product has a powder coated finish. Our wide range of applications includes both end user and O.E.M.

Our enclosures are Underwriters Laboratory, C.U.L and C.S.A. approved. We adhere to the National Electrical Manufacturers Association (NEMA) standards as well as the Joint Industrial Council standards. Custom designs are engineered and manufactured with the support of CAD/CAM technology along with a team of experienced plant personnel.

ISC is ready to provide all of your *custom design modifications*.
